Experience

Full Stack Web Development at Auxo Digital - October 2022 - Present

Delivered robust full stack solutions with React expertise over 2 years, driving project success through innovative development approaches and seamless client-focused implementations.

Some of the projects I Developed and Deployed (while working at Auxo Digital)

- **Maxus Motors SA** (Gatsby)
- **FCTEC** (Gatsby)
- **VBBS** (NextJS)
- **Metsi Security** (Gatsby)
- **AECI Specialty Chemicals** (Gatsby)
- **Auxo Digital** (NextJS)
- **SOCO Energy** (Gatsby)
- **Hayes Legal Services** (Wordpress)
- **The Online Classroom** (Wordpress)

Education

HS Oos-Moot & Impaq
Attended high school 2014 - 2017, Matric year at Impaq where I earned my matric certificate.

Self-Taught
From 2018 onwards I taught myself how to write software, my experience at Auxo Digital greatly enhanced my knowledge and skills since then.

Skills Summary

Front-End — 90%

Back-End — 60%
